Hi Lorena - thank you for your kind words and patience - I've been meaning to contact you about the BID doc matters - yes it took a while to clear all of the after the fact duties and tasks around here and to re-engage my brain to BID work mode. I'm back in the groove as of this week and trying to catch up and tie up loose ends. I will have a much better idea of timing of making the MDP/ER changes over this weekend and should give you a status and ETA by Monday.

The petition changes look good - assuming that the words "Print Name Clearly" and "Month/Day/Year" will be lighter gray scale so as to not block out the handwritten info from the petition signer? In my BIDs outside of LA I print all the owner and property data on the back of the petitions (and ballots) in landscape mode to reduce all the data jumble and/or blank space on the front side. But in LA they like it all to show on the front. Oh well.

I'll update you soon on the other matters.

Thanks

Ed

Subject: Touching Base

Ed,

I know you may not be ready for any interaction but I wanted to touch base with you. Once again, I am so sorry about your wife's passing. I'm sure you miss her terribly.

Last week I attended a Board of Harbor Commissioners meeting. They approved a motion to allow the Executive Director to sign documents in support for renewal of the BID.

We modified the spacing on the petition summary and the signature page. (See attached.) Can we go ahead and print them out?

Warmest regards,

Lorena Parker

Executive Director
